

Mobile Bag

mo·baco / mo·baco up

Stylish office bag for moving to and from meetings.

A stylish carrying bag that allows you to store and move all the tools you need for work.

FUNCTION

| mo·baco

The tote bag type with a front that opens wide for easy access.

The front side of the bag opens widely, making the items more visible and easy to access. It is also convenient for use on the desk as it saves space.

It can be stored directly on the shelf like a file box and be taken out as needed. By removing the reinforcement plates on the side and bottom, it can also be folded. Comes with a detachable name card holder that is useful for labeling.

Documents, notebooks, laptops, mouse, power cables and more can be stored together in one place for convenient carrying.

Made of felt fabric, the stylish design encompasses the trends of office interior design.

| mo·bacoup

The easy-to-carry shoulder type.

A portable shoulder bag that essential items can be stored for more active movement within the office.

It can be stored on shelves just like a file box, and can be easily taken out when needed. Placing the shoulder strap towards the front makes it easier to pull out.

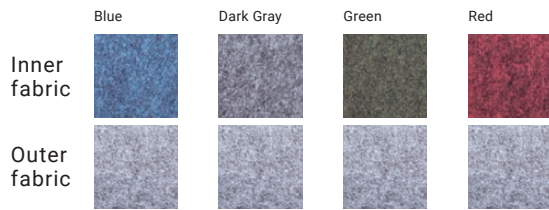

A shoulder type that allows for easy carrying without occupying your hands.

Documents, notebooks, laptops, mouse, power cables, drink bottles, and more can be stored together in one place for convenient carrying.
