FUNCTION

Common

The gentle, soft impression curve adds a relaxed atmosphere to the office.

The design is light and airy with a bottom opening. The usage inside can be sensed from outside the booth.

Soft touch fabric material. The appearance is light and encourages a change in the worker's mood.

Web Meeting screen-booth

Mounting options for monitors and cameras needed for web meetings can be attached to the slit at the back of the tabletop.

A monitor-screen setup to facilitate easy communication with remote participants.

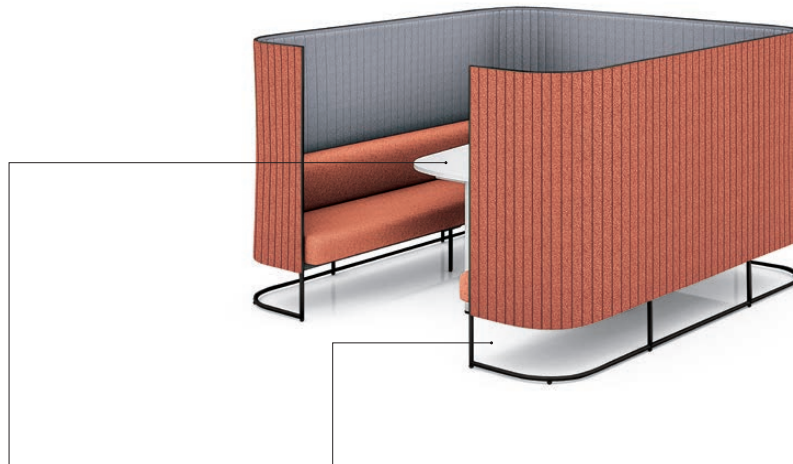

The tabletop shape is designed for web meetings. It features a semicircle shape for easy monitor viewing (standard type for 3 people).

Using the optional whiteboard, analog information can be conveyed to remote participants.

FUNCTION

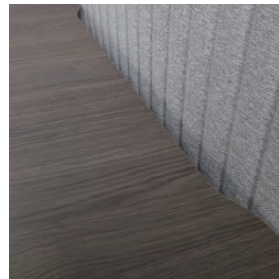

| Sofa screen-booth

Trapezoidal tabletop is adopted. It allows easy access to the booth and ensures everyone can easily view the monitor.

The space under the sofa is open, providing ample legroom and allowing for relaxed meetings in a comfortable posture.

The wiring slit is narrow and inconspicuous. Options such as monitor attachments can be installed.

A cable tray under the tabletop is fitted as standard, allowing placement of power outlets.

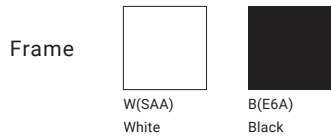

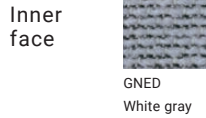

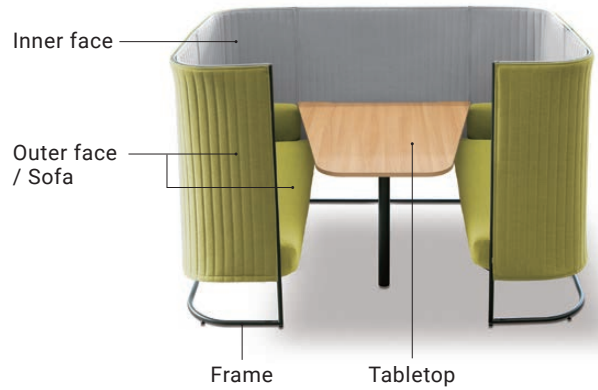

| Solo Work screen-booth

The gently curved tabletop fits the worker's body, allowing to concentrate on work and idea thinking.

COLOR & MATERIAL

*MP1 is available for the web meeting booth only.

Custom order ◆ The antibacterial and antiviral performance is applicable only to the surface of the tops. The top panel of this product will reduce the number of specific viruses on the surface, but does not guarantee prevention of infection. Further, the antiviral treatment is not intended to treat or prevent diseases. This is a SIAA registered product.

Antibacterial & Antiviral tops
