KOKUYO

Notion is a browsing chair that was designed to support activity-based working (AWB) by providing users with a private, personal, relaxing space in which to focus on their work while still maintaining a connection with their surroundings.

Naturally mould into your body, from the shoulder blades and supports of the elbow. Design to make you feel comfortable while browsing.

A seat cushion comes with volume filled foam that makes you comfortable and relaxing for long hours of sitting. The width between the seat and the frame is spacious enough to provide a generous space.
