

COODE

A soft atmosphere created by sustainable materials.

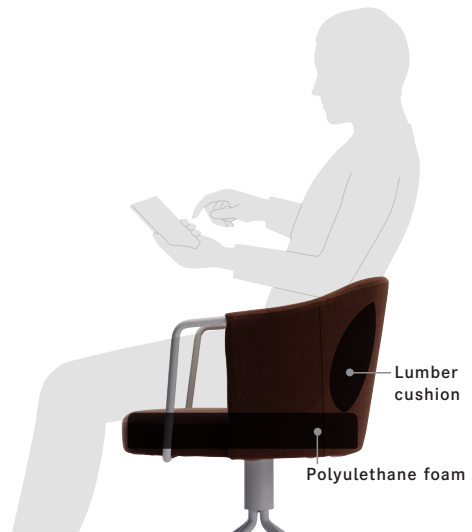

A versatile lounge chair designed to make your interior feel like a living room.

WELLUP

DETAIL

The seat structure enables the rear of the seat to sink easily to hold the pelvis, achieving both a stable posture and a sense of being wrapped. Adding the optional lumbar cushion enhances the experience, making it easier to maintain an optimal sitting posture.

SUSTAINABLE

Use of Environmentally Friendly Materials

Upholstery: Recycled Upholstery
(FB Upholstery)(Kamikara - Custom order)

PET Bottle / Notebook ▶ Upholstery

Back core: Recycled plastic (Loopla)

Clear holders ▶ Back core

We have realized an environmentally friendly product design by adopting recycled upholstery (Kamikara) made from scrap materials generated during the manufacturing process of Kokuyo notebooks, and recycled plastic (Loopla) made from used clear holders.
