

360° Gliding Chair ingLIFE

Comfort of gliding for a more casual setting.

2022
GOOD DESIGN
AWARD

FUNCTION

Unhindered free movement of the body with 360° gliding.

ingLIFE's balanced motion gliding designed to bring out creative thinking. Ideal for collaboration and lounge spaces where ideas come to life.

Functions to further enhance gliding experience.

Wide backrest

Securely supporting side movements of the body, the wide back gently cradles the body while gliding. Available in plywood finish or fabric.

Wide seat

The wide seat enables free-flowing unhindered movement of the body.

Grip arms

Fixed and independent to the gliding motion. Grip the arms to move and effectively refresh the body.

Casual & compact mechanism

Free of any mechanical feel, the compact and soft impression of the chair designed to blend well with casual interior spaces.

PVC Leather seat (Black)

Upholstered seat in PVC Leather, ideal for easy cleaning and maintenance. Available in black.

4-star base

Reflecting a casual impression, choice of 4-star base for a Living-like taste. Ideal for lounges and for a more at home feel.
