

# offset frame

DAYS OFFICE

Features a design in which the frame slightly "protruding" from the shell.

## FUNCTION

Seat height can be adjusted between 390mm and 510mm.  
\*For plastic shell type.  
Fabric/leather type is +15mm.

The frame protrudes slightly from the shell, making it easy to pull the chair and carry with ease.

You can also hang blankets, etc.

### Over 400 variations

Choose from over 400 variations, choice of 6 models, 3 frame colors, 6 shell colors, 11 fabric colors, 3 leather colors, and with or without castors.

designed by 

A design office founded in 2002 led by Oki Sato (born 1977 in Canada). Based in Tokyo, Milan, and Singapore, he works on a wide range of designs, including architecture, interiors, products, and graphics, with the concept of "giving people a feeling of a small!".

In 2006 and 2007, he was selected as one of Newsweek's "100 Most Respected Japanese" and "100 small and medium-sized enterprises that the world is paying attention to." 2012 Wallpaper magazine (UK), Elle Deco International Design Award Designer of the Year. His representative works are in the collections of major museums around the world, including the Museum of Modern Art in New York (USA), the Center Pompidou (France), and the Victoria and Albert Museum (UK).
