**KOKUYO**

ENTRY 2 chair is more than just a seat; it's your gateway to enhanced focus and efficiency. Its ergonomic design minimizes strain on your back, neck, and shoulders, allowing you to concentrate on your tasks without distractions.

## ENTRY 2

ENTRY 2 is not just about functionality; this chair exudes sophistication and style, complementing any office decor. Its sleek design adds a touch of elegance to your workspace while ensuring you're seated in luxurious comfort.

Its adjustable lumbar support, customizable armrests, and adaptable height ensure optimal comfort tailored to your body's needs, promoting a healthier posture and reducing fatigue, even during long hours.

Redefine the way you work, elevate your comfort, and embrace a chair that's more than just a seat—it's a catalyst for your professional excellence

**Headrest** provides a comfortable support to your neck area.

**Height-adjustable lumbar support** can be tailored to suit the user's preferred level of comfort.

**Seat height** easily adjust the seat height with a quick pull of the lever, ensuring comfortable seating for anyone effortlessly.

**Armrest** pivot and slide, providing continuous support for your arms, no matter how you adjust your position.

**Seat Depth** adjustment feature enables the seat to slide either forward or backward, catering to various leg lengths for optimal comfort.

## SUSTAINABILITY

The Kokuyo Group is dedicated to fostering a recycling-centric society, making it a key focus. Collaborating with partners and customers, we aim to lead a society that values sustainability and minimizes waste. Through the SUTENAI CIRCLE concept, they're working on closing the circulation loop across usage, recovery, and recycling areas while engaging users and industry partners. This effort involves transitioning towards genuinely circular products and offering maintenance and recovery services for effective recycling.
