

KOKUYO

Mitra2

Aesthetically comforting design to blend into the scene. Practical and functional for enhanced posture support and satisfaction.

Successor of Kokuyo's best selling task chair Mitra, now evolved with even further practical functions to suit modern work style behavior and added posture support.

Inorganic Antibacterial Agent: Hanger, Circle arms.
JP0122675X0010F
*Inhibit proliferation of bacteria on product surface: Hanger/Circle arms.

Antibacterial Agent PP Hanger, Circle arms

Reduction of 99% of bacteria on product surface after 24 hours compared to a non-treated product. Antimicrobial properties are determined from the results of tests conducted in accordance with ISO22196 international standard.

Antibacterial Agent applicable to Hanger, Circle arms only. Parts treated with Antibacterial Agent will show reduction of specific bacteria, but is no means to prevent infection by infectious diseases.

Dual support features to maintain spinal S-shape posture.

Posture support seat prevents the pelvis from sliding forwards, and the lumbar support holds the backbone in place to maintain corrective spinal S-shape posture.

Posture support seat

The seat adopts an indented and pliable seat shell to firmly hold the pelvis in place. The seat cushion is placed on top to provide a stabilized and supported seating experience.

The posture support seat prevents the pelvis from sliding to maintain seating posture, and distributes body weight adequate for long hour use.

Lumbar support

Functional lumbar support adjustable to suit personal preference and body physique.

The mesh backrest model is equipped with a two-way adjustable lumbar support with independent sideways controls to set lumbar tension to individual preference. The fabric backrest encompasses a selectable two-stage lumbar position setting built-in to the backrest.

Add-on Posture Support Options.

Add-on options to further enhance seating comfort. Customize to suit personal preference and task at hand.
