FUNCTION

Space-saving chair with an integrated table surface in a single unit. The chair prompts freedom of seated posture with the swivel seat enabling to easily face monitor screens while also engaging in conversation. The one-piece design allows quick setup, and the shape and functionality allows easy access for active meetings.

Moveable A3 table surface with a computer tablet stand and cup/bottle holder.
Tablet dimensions: W 600 x D 325

The table surface is adjustable according to the individual's physique and preference.

Keep bags within close reach and off the floor.

In addition to the swivel seat, the table surface can swing out or be pulled-in for easy access. The table surface can be positioned to fit various body sizes for maximum comfort.

Castors

- Castors are hard nylon castors suitable for soft floors such as carpets.
- For hard, slippery floors, such as vinyl and tile flooring, use rubber single-wheeled castors (A-CS25GBK).
- If you wish to replace castors, please contact Customer Service or the retailer from where the product was purchased.

*Do not use on cushion flooring, as this may damage the flooring.
