

Any Table

Sophisticated slim top and mobility of single-sided castors make light work.

Collaboration table for a new era.

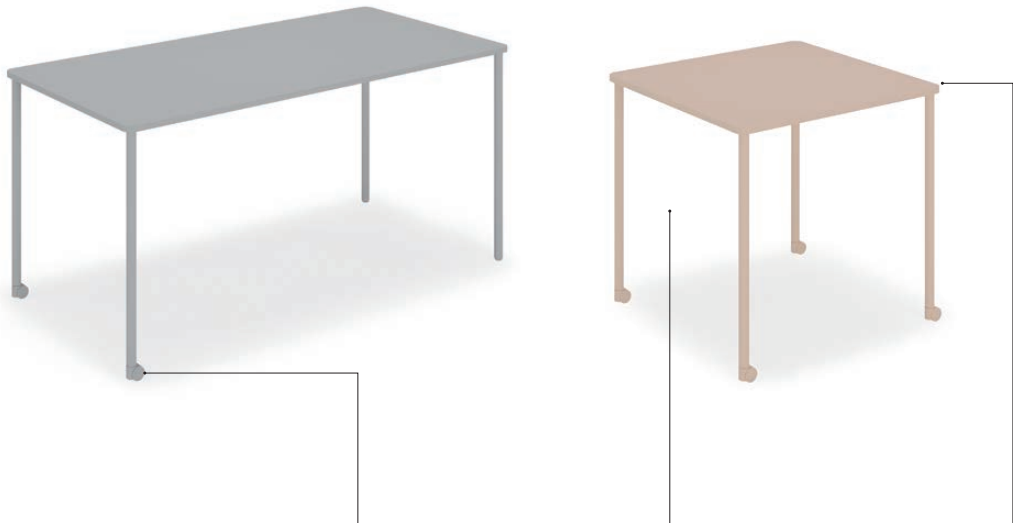

WELLUP

GOOD DESIGN AWARD 2023

BEST 100

Awarded for "Any way" in 2023

FUNCTION

Attachable accessories
 Accessories such as bottle holders and clamp hooks are available to organize essentials, keeping the desk space clear and spacious.

Castors for smooth layout
 Choose from 2 options for smooth layout changes; 4-castor legs for full mobility or 2-castor legs for easy movement by lifting one side.

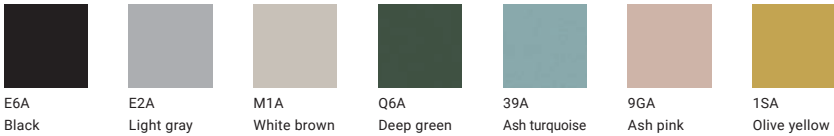

Maximize leg space
 Steel top construction requiring no under-desk support beams giving more leg room and less interference with chair arms.

Edgeless tabletop
 Steel painted finish realizes edgeless design. The entire tabletop is same color reflecting a sense of unity.

OTHERS

Castors

- Polyurethane castors suitable also for hard floors, such as wood flooring.
 - Rubber castors are not available on this product.
- * Do not use on cushion flooring as it may damage the floor.

Tabletop : Steel (Powder coated), Thickness : 19mm
 Frame : Steel pipe (ø28.6, Powder coated)
 Castors : ø40 twin-wheel castors (Body : Nylon, Wheel : Urethane coated) *No stopper function
 Adjusters (2-castor legs) : Molded nylon

<Caution>

- The 2-castor leg model has castors on one side only. When moving the table, lift the tabletop on the side with the adjuster legs.
- The castors do not have a locking function. Due to the product's characteristics, the table may feel unsteady or prone to movement.
- As the tabletop surface is finished with paint, scratches and gloss changes may become visible depending on usage, compared to melamine tabletops.

Note: Dark-colored tabletops may show fingerprints and other smudges more noticeably depending on usage and lighting conditions.
