

Franka

Casual to formal spaces, café tables to make the ideal scene.

FEATURE

Work & Refresh

Create the ideal café or refresh space with a wide variety of shapes and colors. Choice of optional tools for work now also available.

Work & Communication

Shapes designed for easy interaction stimulate casual communication. The design is also ideal for work purposes.

VARIATION

Work & Refresh

Creating an ideal cafe-like area to refresh from work with a wide range of shapes and colors

Offering a wide range of variations to suit different usage scenarios and ideal spatial concepts. The lineup includes three table shapes (rectangular, square, and round) and four leg choices (four-leg, twin disc base, disc base, and C-shaped leg). What is more, warm wooden grain legs and sleek steel legs with an elegant design are available on the four-leg models.

Square • Rectangular • Circular tops are available on all models *Exception: Twin disc base is rectangular tops only

VARIATION

Work & Communication

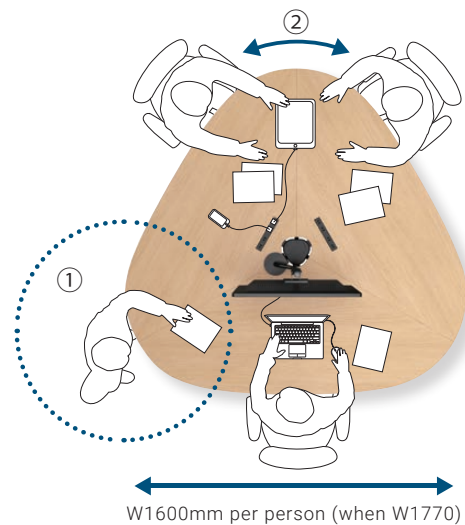

The triangular table shape evokes casual conversation

With its distinctive triangular table shape, it creates an environment where visitors find it easy to engage in conversation and those seated around the table can also converse comfortably.

① The round shape without corners makes it approachable from all sides, facilitating interaction.

② The diagonal positioning fosters a comfortable distance that encourages conversation among those seated at the table.

Table top

Standard tabletop

The melamine tabletop comes in clean and harmonious white, as well as a high-quality, natural wood grain.

High-grade tabletop

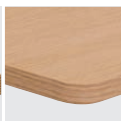

The moderately rustic wood grain creates a comfortable atmosphere. This melamine tabletop also offers excellent durability.
*MP1 and MU5 feature embossed finishes that replicate the texture of natural wood.

Veneer tabletop

The tabletop is defined by its beautiful wood grain and slim chamfered edges.

Antibacterial & Antiviral tops

XA1

XA5

◆ The antibacterial and antiviral performance is applicable only to the surface of the tops. The top panel of this product will reduce the number of specific viruses on the surface, but does not guarantee prevention of infection. Further, the antiviral treatment is not intended to treat or prevent diseases. This is a SIAA registered product.
