

# pile pipe

DAYS OFFICE

Pile pipe is a table with a light and simple design that is composed of a simple top and pipe legs. Along with its simple design, it also offers stacking functionality and mobility thanks to its low rise castors.

## FUNCTION

Extremely small castors that fit in the legs. Balances design and mobility.  
\*Castors are equipped on 2 of the 4-legs(i.e On one side).

### Stackable

The overhanging legs and spacers on the back of the top enables them to be stacked neatly.

● Stackable 3-high on floor
