MATTIAZZI - UNCINO

Designer: RONAN & ERWAN BOUROULLEC

The natural aesthetic of Scandinavian furniture with a stark contrast in materials makes Uncino stylish and appealing. The gently carved wood planes are held in place by metal rods joining them in an almost organic overlap. The wood embraces the metal rods that appears on the wooden surface.

Chair(Sled Base) ¥240,000 Chair(Horizontal Back) ¥280,000

Stool ¥194,000
